

Session fees and retainers

A creative fee is charged for taking your portraits and must be prepaid to hold your session date and time. This is a separate fee from your purchase of finished portraits.

The session fees are for previews shown in the studio on the monitor. For paper proofing, an additional fee of \$200 is required. A retainer fee of \$250 is required for the previews to leave the studio, this fee will be applied to your order. Previews must be returned to Image within 5 days of receiving them, or you will lose the retainer fee.

No order will be released without payment in full. All prices shown reflect the cash discount price. Credit cards are also accepted, but do not qualify as a cash discount. (Session fees can be transferred or refunded only if advance notice of 24 hours is given. Proofs remain the property of Image Professional Photography. Copyright is retained by Image Professional Photography and Dennis Tressie).

Retouching/Art work/Digital

Negative retouching is required for all portraits purchased. It enhances your portrait by eliminating blemishes, softens facial lines under the eyes and on the neck. Scars, moles, and freckles are removed only by request for an additional charge. Glass glare or other corrective art work requests will be charged separately. Digital work is by request and will be billed for actual cost.
